#MyVoice: How does the Reservist lifestyle differ from Reg Force?

Our moves are not at the "standard season" which make relocation (selling a house, school changes in mid year) more difficult.

In my area, there is no base, it's a very close knit community. Programs and services are for everyone in the military community, and doesn't matter if you are family of Reserve or Reg F.

Many reserve units are far from any base and therefore do not get any of these services...
Yet when deployed, their families need the assistance.. Outreach services through the Legions would be a great way to contribute to our reserve communities.
